COVID-19

Response to COVID-19

COVID-19

Create a management mechanism

Create a helpline

Enhance the mobile units of the Help at Home programme

- ❖ Provide shelter and psychosocial support to homeless people who do not fulfil the criteria of homeless dormitory such as addicted to alcohol, drugs, and people with active mental illness
- ❖ Provide personal protective equipment and food assistance to the local prison
- ❖ Support the distribution, door to door, of food and basic materials to beneficiaries of the Greek Fund for European Aid to the Most Deprived programme

- Raise awareness about prevention and response to COVID-19 to Roma
- record and cover their needs
- provide personal protective equipment, hygiene items and food items
- disinfection
